Note: See appendix A for explanation of column captions. For more detailed historical statistics for these industries see table 1 of the corresponding chapter of the 1954 Census of Mineral Industries, Vol. 1.

Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not available. (X) Not applicable.

Not elsewhere classified.

Includes the cost of gas purchased for gas lift and repressuring and the cost of products purchased for resale.

Represents gross receipts for services and shipments less value of shipments of products purchased for resale without further processing.

Excludes figures for Alaska. For 1958, 2 establishments in the drilling oil and gas wells industry, 1 establishment in the oil and gas exploration services industry, and 1 establishment in the oil and gas field services, n.e.c. industry were reported; for 1954, 1 establishment in the drilling oil and gas wells industry was reported.

Represents number of employees engaged in contract work and payments for contract work as reported by companies operating oil and gas field properties.

Except for net receipts for services and shipments, excludes data for establishments primarily engaged in well-surveying and well-logging services. The total receipts for services by such establishments in 1939 was \$5,028 thousand.
